RE: CASE # C 07 4276 CW (PR)

WALTER REDMOND VS.
CITY AND COUNTY OF S.F., CA.

I, WALTER REDMOND respectfully, and most humbly request counsel in this matter of civil rights violations by S.F. P.D., on the grounds that I am being denied one, this is a very serious case because it has come to my attention that these four narcotics agents out of the Tenderloin Police precinct/station have been choking other individuals out, and unconscious, breaking one teenage girls teeth, in an effort to retrieve drugs! I'd just returned from 4 mos. in Salt Lake City, Utah, as they saw my I.D., and became more aware they four had errored greatly, choking me unconscious for NO REASON! Would they have went down to Market St. at Spear St, in the Embarcadero, jumped out of the car, and in seconds choked someone out cold? I'm a former resident of Walnut Creek, Calif. @ Tamarisk Dr., deep W.C., California, and a Sunvalley Mall security officer also, formerly, until the company changed contracts in 2003! I am incarcerated temporarily, and in great need of a competent attorney, though I have hospital records the day of my arrest 7-15-07 at S.F. General, but I was under duress, and got no help for my neck. The agent who choked me out was, 6'3" from behind, I was off the ground, never fought back, as if I had a chance! I couldn't believe what had happened to me, in 2007, in downtown San Francisco, on a Sunday morning, no respect! These four officers will try and lie, on stand, it doesn't matter I request counsel, and there were witnesses! Please your honor. History has proven S.F.P.D. officers have a "track-record" for lying/telling lies (under oath) absolutely! A way of life for S.F.P.D.! I'm a native San Franciscan, 50 years old....

P.S. PLEASE HAVE U.S. MARSHAL
SERVE PAPERS SOON, AND PLEASE
KEEP ME UP ON EVENTS. (AT YOUR CONVENIENCE)
YOUR HONOR

Sincerely
Walter Redmond

THE OFFICER WHO PULLED THE RELIEF SHEET TO ARRESTING OFFICER'S (MARCO ALSO) A RED-HEADED GUY ABOUT 27 YEARS OLD, TALK TO THE NURSE, AND I COULD TELL A CONSPIRACY WAS IN THE MAKING (THE CITY EMPLOYEES) TO TELL ME I WAS O.K. - ALRIGHT, SO I WAS UNDER DURESS, AND IN CUSTODY OF WHAT I PERCEIVED TO BE DANGEROUS POLICE, SO MY PARTICIPATION THERE IS INCORRECT. Honorable Judge,

I Walter Redmond do respectfully request "pre-trial discovery", along with being seen by an outside doctor concerning my neck, which continues to bother me, very painful, and stiff at times. I was held off the ground from behind, and I'm 50 years old, 178 lbs. All lower weight supported by my neck, while choked-out. I also request a "deposition" be taken, from the four officers involved that morning 7-15-07, 10:30AM, at my arrest. I respectfully request "production", requesting a copy of my police report, all written statements, originals and copies identifiable as reports about the incident on the morning of 7-15-07 made by arresting officers, and all other agents involved. Again your Honor, I WALTER REDMOND respectfully request "discovery", and "deposition" hearing, of all parties involved. I will also need counsel, this is mandatory for my case your honor, and so I do request the afore mentioned, as soon as possible. I never ran/resisted these agents at all, and this conduct they four officers know was grave error! They would not go down to Embareadero area, and jump-out and choke someone unconscious in seconds.

Sincere Thanks
Walter Redmond
